

**Old Stanthorpe Road & Return – 50 km – Elevation Gain 750 m**

- An interesting ride through heavily timbered grazing country
- The hilly terrain and tree lined road offer good wind protection.
- A moderate level of fitness is recommended.
- Be wary of the many kangaroos on the sides of the road.
- The ride is generally uphill on the way out and downhill on the return.

**Warwick – Cherrabah and Return via Mapes & Junabee Roads – 75 km – Elevation Gain 730 m**

- This ride travels through open farming country and timbered grazing country
- It rises in elevation from Killarney road to Cherrabah with some steep sections.
- High speeds can be reached when leaving Cherrabah so kangaroos can be a problem.
- A high level of fitness is required.
- Refreshments and toilet facilities are available at Cherrabah.
